

A CHAPERONE'S GUIDE FOR A GREAT VISIT!

We encourage you to explore, play, and join in all of the activities with your group. Below are some tips that can help make for an amazing museum visit, as well as space to record important details for your group.

TIPS FOR MAKING THE VISIT AMAZING:

- Ask questions! Museum staff and educators are available to share information and help as you explore the Museum. Invite your group members to ask questions, too.
- Share Museum Policies with your group. Remind them to be nice, keep it safe, and respect the rules. This all helps make the visit safe and fun.
- Experience the Museum with your group! As an adult, you are responsible for your group and you should know where the children in your group are during the entire visit. What better way to do so than by experiencing the Museum together.
- Listen for announcements from Museum staff about program activities, the group's snack or lunch time, or getting ready to leave. That way, your group will be in the right places at the right times, ready for awesome experiences.
- Try something new and encourage your group members to try new things, too!
- Have fun!

THINGS TO KNOW:

Teacher or group leader name: _____

Teacher or group leader phone number: _____

Lunch time: _____

Departure time: _____

Names of children in your group:

1. _____
2. _____
3. _____
4. _____

PLAY. IT'S WHAT WE DO.
